FROM THE MANAGEMENT

With excitement, we mark over two decades of service in the logistics industry from world cities and into East Africa via Kenya. Despite a challenging business environment and the dynamic nature of this industry – with competition being the only constant – ASCC Cargo and Clearing has built its reputation on being people-oriented and charting cost-effective solutions.

I would like to extend a very warm 'Thank you' to our past and returning customers for the confidence placed in ASCC Logistics. To those who have entrusted us to freight their treasured family heirlooms and to those who continue to experience our reliable and innovative service in maintaining required stocks in business; please accept my sincerest gratitude.

I hope that your consignments will constantly be on our ships, cargo planes and trucks as we work toward this milestone.

Here's to our success!

Mohamed Dahir Sheikh Adirahman
FOUNDER & MANAGING DIRECTOR

Saeed Sheikh Adirahman
CORPORATE AFFAIRS DIRECTOR

ASCC has been in business for decades and we continue to offer transportation and logistics solutions to many new and existing clients. I am proud to see how the company has blossomed to what it is today.

We remain committed to developing our business while at the same time giving back to the communities in which we exist.

We intend to continually evolve into a reliable provider of logistics services in the global market place.

It is our hope that you will continue to choose African Salihya Cargo and Clearing as your partner of choice when it comes to moving your freight globally

ABOUT US

Having been in the logistics industry since 1993, we at African Salihiya Cargo and Clearing — popularly known by our brand name ‘ASCC Logistics’ — have perfect understanding of what matters to our clients most. It isn’t timely delivery. It isn’t that your consignment gets from source to destination. It isn’t that it gets to you in the same condition we received it in. It isn’t competitive pricing for the service. We know that it is a combination of ALL these things and that is what ASCC Logistics is about.

We are a successful logistics company with global headquarters in Dubai, UAE and regional offices in leading economies such as the United Kingdom, USA, Canada, China, Turkey, Thailand and Malaysia, among others.

Through our sorting hub in Dubai, we deliver cargo from over 20 cities across the world and into East Africa — Kenya, Uganda and Tanzania. Our services include ocean, air and road freight, customs clearance and forwarding to Kenya..

COMPANY HISTORY

African Salihiya Cargo and Clearing popularly known by the brand name ASCC Logistics, an Air, Sea and Road Freight forwarding company founded in 1993. We are based in Dubai but with offices in world leading economies such as China, The United Kingdom, India, USA, Canada, Turkey, Thailand, Malaysia, Pakistan and others. We deliver cargo from around the globe to East African countries – Kenya, Uganda and Tanzania.

ASCC Logistics is a family run company built on trust, stewardship and accountability. At its core are CEO - Mohamed-Dahir Sheikh Abdirahman, General Manager - Mr. Ibrahim Sheikh Abdirahman and Corporate Affairs Director - Mr. Saeed Sheikh Abdirahman.

Having emerged from humble beginnings when our Founder and MD travelled in between Dubai and Kenya with his imported merchandise in a briefcase which he would later sell to a small pool of clients, we understand our individual client’s business needs.

As an acknowledged leader in the logistics industry, we aim to be trend setters by inventing and innovating with our mission being to innovate and provide world class services in all our branches across the globe.

Our people are our greatest assets in addition to being our competitive edge. ASCC Logistics would not be what it is today without our dedicated staff; some of whom, like our drivers sacrifice greatly to do what they love and are on the road for days and away from family.

We have a high level expertise in Third Party Logistics, which enables us to comfortably offer solutions to complex logistics challenges.

OUR EXPERT TEAM

// OUR IDENTITY REEKS OF PROFESSIONALISM AND GOING BEYOND CLIENTS' EXPECTATIONS.

Working in one of the fastest growing industries in the world demands us to recruit the highest caliber of motivated professionals. We employ personnel based on attitude and academic qualifications then train them to inculcate a culture that will make them succeed in their career here. At ASCC Logistics you become part of a strong international team that values the society, fellow employees and clients. Our People are our greatest assets.

The ASCC Logistics Team comprises a combination of specialist knowledge and expertise drawn from various industries. Although drawn from diverse backgrounds, they are unified by three common denominators: passion for logistics, a can-do-attitude and fresh ideas. These are the people who ensure that every customer gets the best service and the driving forces behind ASCC Logistics.

OUR SERVICES

AIR FREIGHT

By routing all consignments through our Dubai hub and into East Africa through Eldoret (Kenya) we extend the benefit of low cost to our clients. Owing to the high demand of our air freight service to Kenya and the region, we charter widebodied aircrafts from Dubai every Monday and Wednesday

PACKAGING

Should you or your supplier not be in a position to pack the package for freight, you can request for the services at our office where you are shipping from. We have many years of experience in packing different types of cargo for different modes of shipment.

OCEAN FREIGHT

Having offices in major ports around the globe allows us to offer a full array of ocean freight services including ocean freight consolidation and forwarding including LCL and FCL container management.

MULTI-MODAL SOLUTIONS

A cost effective and efficient freight option is essential for every client we serve. As businesses attempt to cut on expenditure and improve revenues, partnerships with key ocean and air carriers allow us to provide flexibility to meet your need of saving time and cost.

ROAD HAULAGE

Our fleet of trucks and dedicated drivers ensure that our contractual agreements with clients do not end at the port. We offer cargo forwarding services from our port offices to inland offices and warehouses in Nairobi, Eldoret, Kisumu, Nakuru and Mombasa.

PICK-UP & DELIVERY

If you are working with a supplier who is not in a position to deliver your cargo to our offices for shipment, we can make arrangement to collect the cargo. Both pickup and delivery services are offered at additional cost depending on volume/weight of the cargo and distance involved.

GIVING BACK TO COMMUNITY

At ASCC, logistics goes beyond our core business. It is what drives and enables us to give back to society and make positive contributions while we are at it.

Tremendous amounts of money, time and commitment goes into bettering the communities where ASCC has set up 'shop'; and particularly in Kenya.

As a company, we appreciate the fact that we exist because of the people who we serve and we are part of a society and we are committed to building the communities around us, so we ensure that in every way, we play our corporate citizen roles and give back to the society through our various CSR projects.

Our involvement in Education

At ASCC Logistics, we believe that education is one of the best investments we can make today to address tomorrow's challenges. That belief drives us to sponsor intelligent female students who are not in a position to get an education. Our beneficiaries are at various levels pursuing their studies within Kenyan Secondary Schools, which include — Ramisi High School, Coast Girls' and Alliance High School.

Our involvement in Sports

Through sports, we deliver lasting and tangible results within our communities. By sponsoring the Montana Football Club (FC) in Kiembeni, Mombasa (Kenya) we positively contribute to the lives of fine gentlemen who may have experienced educational under-achievement and/or unemployment.

Our pride will be seeing these budding sportsmen, becoming professional footballers and an inspiration to the next generation of youth.

**“Charitable giving is a key pillar
of Islam and by extension of
ASCC Logistics.
Our employees from various
backgrounds and cultures make a
difference where they work and live.”**

– Saeed Sheikh Abdirahman –
Director , Corporate Affairs and Business Development

AWARDS & RECOGNITION

RECOGNITION BY THE BIZZ AWARD

We are honored that our work, our members, and our company are recognized by industry and business leaders. In 2012, African Salihya Cargo and Clearing LLC received the coveted BIZZ AWARD.

THE BIZZ is considered the most important business award in the world and is given out by WORLDCOB to the most outstanding companies and businesspeople in each country. This award was created in order to recognize business excellence and is aimed at small, medium and large enterprises because we know that all companies seek to guarantee quality for constant development at their own scale.

Each year, WORLDCOB organizes THE BIZZ business awards ceremony, which brings together the leading companies from different countries to celebrate this recognition and offer a series of benefits to the winners, who become ELITE MEMBERS, taking part in activities that will help them to foster new commercial relationships.

THEN & NOW

From its humble beginnings of operating from a briefcase (literally!), Mohamed-Dahir realized there was a gap in the logistics industry.

Now African Salihya Cargo and Clearing has been in the logistics industry since 1993. We have operations in Dubai with operations in other leading economic hubs in the world.

ASSOCIATION MEMBERSHIP

A MEMBER OF THE BRITISH INTERNATIONAL FREIGHT ASSOCIATION

ASCC LOGISTICS is a member of the British International Freight Association.

BIFA represents over 1500 UK companies in the logistics and supply chain management sector.
